Tomatoes

2 1/2" pots - 2/\$5

Gallon Pots - \$5.00 - Many varieties available in gallons, but not all!

Airyleaf-75 Days, Mid-season, Heirloom. Great for canning!

Big Beef - 70 day, This is a de-hybridized version of an American favorite. These large, juicy, fruits combine old-fashioned beefsteak flavor with heavy yields. 1-pound, round to globe-shaped. Flavor is full and hearty with lots of sweet juice balanced with that wonderful tomato acidity. These giants slice up perfectly for big sandwiches. Fruit stays large even at the end of a long harvest season.

Black Cherry- Yields clusters of 1", round, deep purple, cherry tomatoes, 64 Days, Early-season, Open pollinated

Black Crimson Heirloom - 75 Day Perfect choice for slicing, salads and cooking. Also suitable for container/patio garden.

Bloody Butcher - 55 days, A sensational and very popular, early producing tomato variety. A good choice for a tomato as you wait for later varieties to harvest. Plants yield copious amounts of 2", 4 oz, fruits that are deep-red color, inside and out. Five to nine fruits per cluster with a rich heirloom tomato flavor. Plant produces well until frost. A good tomato variety for cooler growing regions since fruits ripen quickly. A good canning tomato.

Box Car Willie – Yields abundant crops of 10 to 16-ounce, smooth, bright-orange/red slicer -80 Days, Mid-season, Heirloom

Buffalo Heart - 75 Day plants that yield lots of 16 oz., pale rosy pink, buffalo heart-shaped fruits with firm flesh and packed with good flavor. Rare tomato seeds.

Chocolate Stripes - 79 days, produces very large, indeterminate, regular-leaf tomato plants that yield a plentiful crop of 3-4 inch, mahogany colored with dark, olive green-stripping (similar to black zebra). Fruits have delicious, complex, rich, sweet, earthy tomato flavors. Chocolate Stripe, another desirable 'black tomato,' is an excellent tomato and a fine choice for your tomato garden. Produces well into the autumn A great sandwich tomato and salad tomato.

Climbing Red Tomato 85 days Large meaty tomatoes, trellis for optimal yield

Clint Eastwood Rowdy Red- 78 day plant produces lots of 2-inch (6-10 oz.), deep-red, round fruits with a subtle point on it's end. Firm, juicy flesh, for snacking in the garden, cooking, canning and seed-saving. Has a fruity sweetness.

Coyote - 75 Day Originally it was a wild Mexican tomato called Coyote Tiny Yellow.

Crimean Rose Cherry - Sweet & Tart 70 Day Pinkish Red.

Early Salad Red Tomato - 45 days, small salad tomato, high yield

Farmer's Monster - Red Tomato 100-110 days – Huge tomatoes, stake well

Fireworks Red Early Tomato - 60 days, sweet for salads & sandwiches

Fruit Punch Cherry – Red 75days super fruity sweet

Heinz - 76 day, A determinate plant yielding big crops of 2 1/2" - 3", red, round fruits. This is a great canning, salsa and salad tomato that produces more fruit per plant than many tomato varieties.

Hillbilly - 85 Day producing 1-2 lb. huge, heavily-ribbed, orange-yellow fruit with red mottled skin and red streaks within. Very sweet, fruity flavors. Low acid.

Husky Cherry Red Tomato - 65 days, super sweet productive cherry

Lollipop - 79 day, yields huge amounts of 1-1/4 inch, almost translucent, creamy, yellow cherry tomatoes in clusters of 6-10, that hang on the plants like lollipops and have unique, fruity-sweet, lemony flavors unlike other cherry tomatoes. Produces fruit continuously, even under high temps. This is an excellent cherry tomato suitable for farmer's markets. Also great as a salad tomato, or as a snacking tomato, or for adding to culinary creations.

Northern Lights - 55 day, early heirloom, 4-inch, round beefsteak, yellow-orange with red blush on bottom and red center. Wonderful intense flavor. Bears till frost.

Principe Borghese 75 day high yield red cherry, great for drying or eating fresh

Silvery Fir Tree –Plants yield crops of bright-red, 2", 4-5 oz., flattened, round tomatoes - 55 Days, Early-season

Taxi - Plants yield 4-6 ounce, meaty, uniformly-round, delicious, bright-yellow, sweet tomatoes - 68 Days, Early-season

Tommy Toe –Plants yield copious amounts of 1", bright red, cherry tomatoes, 70 Days, Mid-season, Heirloom

Umberto Pear Tomato - Red 80 days, heirloom, pink meaty 2oz fruit, good fresh or in sauces
